

## MAKE A WEEE BOY

A follow up activity to help children engage with the WEEE man once back in the classroom.

<b>Age:</b>	11-13
<b>Group size:</b>	Class activity/ Homework activity
<b>National Curriculum:</b>	Design and technology, Art

### Activity:

- 1 Ask the class to collect together a range of waste products that they throw away at home (packaging, paper, cans, mobile phones, printer cartridges, old phones) and bring them in to class.
- 2 Based on the WEEE man get them to use the products to construct a WEEE boy.
- 3 Send us a photograph of your best ideas to RSA WEEE man, RSA, 8 John Adam Street London WC2N 6EZ UK. We will select our favourite to be featured on the website.
